Dear Mr. Kreizner:

On behalf of LTG Crouch, Commander, Eighth Army, I thank you for sending us excerpts from your book "The History and the Theory of Grand Tactics."

We have taken the liberty of providing your pamphlet to our Republic of Korea counterparts. They share our interest in military theory and emerging doctrine.

I applaud your efforts to provide structure to our planning and operations efforts and wish you every success as you continue the development of your series.

Sincerely,

Joseph E. DeFrancisco
Major General, US Army
Assistant Chief of Staff C3
