Thank you for your letter of May 28. I have received your book "The History and the Theory of Grand Tactics, Book 1, Volume 1". Since I am no longer the Inspector General of the Norwegian Army, I have passed the book over to Major General Sven Sved, who is the present Inspector General, with the recommendation to hand over the book to the Library of the Norwegian Army Staff College. I feel certain that the book will be of high interest to the Staff College.

Yours sincerely,
